# ***FELLOW CATTLEMEN,***

Welcome to our 2024 Annual Bull and Female Sale. We would like to thank all of our past customers for your trust in Gardels Lazy Four Angus.

Gardels Lazy Four Angus is a family operation and has been raising registered Angus Cattle since 1960. Throughout those years we have made it a priority to raise cattle that will work across the entire beef sector. We raise our own replacement heifers, sell bulls, sell replacement heifers, and sell the steers that do not make our bull sale. Having a balanced cow herd is crucial for us raise our own daughters and sell bulls that will improve our customer's herd. We utilize A.I. and introduce different genetics into our herd, also using our own genetics that have been staples in our cow herd. Our goal is to make daughters that will turn into great cows and raise bulls that share those maternal traits as well as grow and perform for our customers. Raising docile cattle is also very important to us. You will notice when you walk through the bulls, that they are not high headed, flighty, or mean.

These bulls will be ready to work for you. They receive no creep feed in the summer. They have been vaccinated with Viral Shield 6 plus 5 and have passed a breeding soundness and semen check.

We would like to thank you for your interest in Gardels Lazy Four Angus genetics. We realize there are many different choices to buy Angus bulls and are honored you have given us a shot at improving your cow herd.

Come early and view the bulls on Saturday, March 16 at your leisure. Don't forget to join us for a beef lunch before the sale starting at 11:00 A.M. If you are unable to make the sale in person, you can view it on [www.cattleusa.com](http://www.cattleusa.com) or call any of the sale representatives, or call Matt at 309-991-1819 and we will handle your bid as if it were our own.

Sincerely,

The Gardels Family
